Duration of contest:

Each competitor has up to 50 minutes for this demonstration which includes set-up, demonstration and dismantling. Visual aids, props, and models may be utilized to improve clarity. Judges will ask questions following the demonstration. Time used during questioning will not count as demonstration time.

Time Format:

Set-up: Up to ten (10) minutes
Demonstration: At least twenty (20) minutes and not more than thirty (30) minutes
Dismantling: Up to ten (10) minutes

Skills and Knowledge to be tested:

- Preparing a 20-30 minute demonstration using appropriate props, models (representative or live), and equipment that is applicable to the skill under demonstration.
- Provide a written **Safety Plan Checklist** at orientation.(as per attachment)
- Practicing an effective and confident delivery style.
- Students need to follow the competition judging criteria provided in the scope document.

Specific Information:

- Competitors must prepare their own digital and non-digital visual aids (signs, charts, transparencies, slides and diagrams).
- This contest is an individual demonstration; however, assistants may be used to set-up and takedown or be a model during the demonstration.
- There will be a penalty for competitors who read from a prepared script or present rather than demonstrate a skill.
- Competitors should assume that their demonstrations will be viewed by the general public, other competitors, and may be photographed or videotaped.

Examples of entry level jobs skills that may be demonstrated include:

- Repairing a hole in dry wall
- Creating a floral display
- Servicing a lawn mower
- Altering a dressmaking pattern to suit a client
- Installing a light switch
- Creating a special effect for a video production
- Styling hair for a specific occasion
- Baking/Cooking
- Tool Sharpening
- Constructing a web page
- Soldering a copper wire
- Constructing a brick wall
