

In-School Program

What is the 'In-School Program'?

In the 'Information Age' choosing a career is becoming increasingly difficult for so many young people. This informative, interactive presentation brings career opportunities in the skilled trades and technologies to the forefront for many young people. Students in attendance are provided with information to assist them in making informed career decisions.

What's the Presentation Like?

This is a 45 minute —1 hour in class presentation to introduce students to a variety of career options within skilled trades and technology. The presentation is interactive and designed to involve students.

The presentation includes...

- * *The job outlook for Manitoba*
- * *Various occupations and profiles*
- * *Apprenticeship information*
- * *Options for post-secondary schooling in trades and technology*
- * *Employability skills*

Who is it geared for?

Delivered in an entertaining fashion by incorporating aspects of pop culture, this presentation is sure to catch students' attention. This PowerPoint presentation is available for students in Grades 6 — 12. Recommended presentation group size is 20-35 students.

Who is Skills Canada Manitoba? Skills Canada Manitoba is a not-for-profit, charitable organization that works with youth, parents, communities, industry and government to increase awareness of the rewarding careers available in skilled trades and technology.

2011 - 2012

In-School Program
