Skills Manitoba Rules and Information for Nail Technology

1. All competitions will take place on live models. Contestants are responsible for supplying their own model and the well-being of their own model.
***All Nail models must be dressed in black.
2. Competitors must provide **all** necessary equipment and supplies needed to perform the competition task.
3. To ensure compliance with the rules and regulations, all models will be examined by a scrutineer at the start of each competition category. (NO PREP. WORK ALLOWED).
4. No dowels when completing gels.
5. No competitor shall continue to work on his or her model once the competition has ended. This does not include cleaning and presentation. Once the competition has ended, an additional 5 minutes will be designated for post-service sanitation and presentation/display.
6. Contestants will be notified of remaining time allotments.
7. The following are **NOT** allowed for the nail art competition:
No decals (including striping), 3D nail art, gems, foils, stencils, fabric puff paint nor stamps.
8. All nail art **must** be free hand. Choice of tools/brushes may be used.
Nail pens (with or without polish) are **not** allowed.
9. Any infraction of violation of the competition rules will result in point penalties or disqualification according to judges and /or chairs.
10. For the nail extension competition, competitors are asked to bring a black drape to cover the top of the table once the sculptured nails are complete for the model to display her hands. (this could be simply a black towel)This makes it easier for the judges to see the finished sculptured gel work.
11. *****For the nail art component**, we encourage competitors to display model, nails and table as a **theme**. Props may be used to enhance the theme. **Models must be dressed in black** until they are ready to add display.
12. We want to draw awareness and display professionalism for the Nail Technology/Aesthetic Industry.
13. Please check the scopes one week prior to the competition date. This will ensure you are kept up to date should changes occur.
14. **There is NO National competition for Nail Technology.**

Example 2) Scrub top and scrub pants
***Shoes must be a closed toe
- Competitors who require clarification on instruction during the contest must address their questions to a Provincial Technical Chair or designate.
(Roxanne Kroeker, Lucie Laurin)
- Competitors are not permitted to talk to persons who are not located within the contest area.
- During the competition, competitors are allowed to go to the restrooms, only after informing a PTC chair. Escorts to restroom will be at the discretion of the Provincial Technical Chair or designate.
- Interpreters will be allowed to access the contest site if previous arrangements have been made with the Provincial Technical Chair or designate.
- Competitors must follow workplace safety rules and regulations as outlined during orientation. **(Nail Technology competitors must have dust masks).**
- Access to each contest site is reserved for the Provincial Technical chair or designates, judges, competitors, and individuals that have been granted permission from the Provincial Technical chair or designate.
- All competitors shall allow the skills Manitoba organization to take and publish photos of those individual competitors.
- There must be a minimum of four (4) registered competitors for each category. If there are less than four registered competitors, Skills Manitoba delegates will re-evaluate the competition.
- No competitor shall begin work until the start time is announced.
- Competitors must be a Canadian citizen and reside in Manitoba.
- Skills Manitoba will make every effort to accommodate contests with special needs. Please contact the Skills Manitoba office for details.

The Aesthetics and Nail Technology Skills Manitoba Committee would like to take this opportunity to thank you for showcasing the Nail Technology industry by participating in the Skills Manitoba Competition.

Skills Manitoba hosts over 40 Olympic style, industry sponsored, contests representing 6 sectors (Aesthetics and Nail Technology fall under the service sector) at three different levels which include secondary, post-secondary, and integrated (secondary and post-secondary combined). **Medals are awarded to the gold, silver and bronze winners.**

Skills Manitoba is open to the public. This is a great opportunity for our industry to be viewed as a valuable and interesting career option.

Your participation will prove to be valuable to you, your students and your school.

Please review the attached information prior to the competition. Additional information or changes will be posted on the Skills Canada Manitoba website if needed.
