

# Young Women's Conferences

## What is the Young Women's Conference?

A one day conference for young women to learn about trade and technology careers available in today's employment market. The conference will highlight different vocations in trades and technology, introduce young women to women mentors working in the trades or technology field and provide employment and career planning information.

## What is the day like?

*For Young Women...* This one day event will feature entertaining and informative keynote speakers, team activities, panel discussions and varied hands-on demonstrations and tours. There will also be fun contests and door prizes to encourage engaging and insightful participation.

*For Advisors...* You will get to participate in most of the previously listed student activities. There will also be a break-out session for advisors that will provide helpful information in providing guidance to young people.

## Who can participate?

This program is geared for grade eight young women, plus their advisors. Ideally young women attending should be interested in learning about new and different career opportunities and meeting women from a variety of backgrounds. Remember space is limited and the conference always sells out so please book early.

We have added a second Winnipeg conference for Young Women in Grades 9 and 10. It will be held at the Manitoba Institute of Trades and Technology, Henlow Campus on November 16, 2017.

**Who is Skills Canada Manitoba?** Skills Canada Manitoba is a not-for-profit, charitable organization that works with youth, parents, communities, industry and government to increase awareness of the rewarding careers available in skilled trades and technology.

October 25, 2017—Dauphin Regional Comprehensive Secondary School, Dauphin
